Page 1 of 1

On the May 3rd ACA HHS-Operated Risk Adjustment Data Validation Webinar Series II session, CMS stated that the **2016 Benefit Year HHS-RADV will be converted to a second pilot year** to allow for refinement of audit procedures. Therefore, payment adjustments will not be implemented until the 2017 benefit year HHS-RADV. Refinement during the additional pilot year will occur through the use of a new audit tool and revised HHS-RADV Protocols (to be released in May 2017).

For additional RADV pilot guidance, please see the memo from CMS posted in the REGTAP library.
